To the Embassy of SLOVAKIA

Athens, July 12th 2011

Your Excellency,

The International Exhibition Centre of Children's Paintings In Greece (Study-Research) was founded in 1977. It is a non-profit, non-governmental Association which aims at the dissemination of the message of Peace through the organization of International children's painting exhibitions both for blind children and for children with normal vision. During all these years, the Municipality of Athens, the Ministries of Culture, of Health, of Education, as well as the Foreign Embassies in Athens have supported this effort.

In 2012 we plan to organize the 8th International Exhibition of Blind Children's Paintings aiming to spread the message of Peace through the art across the world. The Exhibition will take place in Athens, at the National Hellenic Research Foundation and it will be under the auspices of the Ministry of Culture (upon our request).

It would be a great honour and pleasure for us if your country, through your Embassy, took part to the aforementioned Exhibition by communicating our document to the relevant schools for blind children of your country.
